

Conduct Pre-Departure Duties																	
	3.01	Conduct Flight Deck Setup Flows	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	Medium	Medium	Level 2					Individual	Skilled	x	x
	3.02	Complete Pre-Departure Checklists	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Low	High	High	Level 4					Individual	Skilled	x	x
	3.03	Conduct Ground Operations	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	Medium	Medium	Level 2					Individual	Skilled	x	x
Conduct Departure Duties																	
	4.04	Conduct Normal Takeoff (Static, Rolling)	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	High	High	Level 3					Individual			x
	4.05	Conduct Max Effort Take-off Procedures on Normal, Semi and Unprepared Surfaces	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		High	High	Low	Level 1					Individual			x
Conduct Enroute Duties																	
	5.01	Perform visual enroute flight procedures	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	High	High	Level 3					Individual	Skilled	x	
	5.02	Perform instrument enroute flight procedures	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	Medium	Medium	Level 2					Individual	Skilled	x	
Conduct Arrival Duties																	
	6.01	Perform descent/arrival	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	High	High	Level 3					Individual	Skilled	x	x
	6.02	Perform Traffic Pattern Operations	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	High	High	Level 3					Individual	Skilled	x	x

	6.03	Perform landings (100/50/0 flaps, Max effort)	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	Medium	Medium	Level 2				Individual	Skilled		x	x
	6.04	Perform go-around	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Low	High	High	Level 4				Individual	Skilled		x	x
Conduct After Landing Duties																	
	7.01	Perform ERO	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Medium	High	High	Level 3				Individual	Skilled		x	x
	7.02	Complete Post Landing Checklists	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Low	High	High	Level 4				Individual	Skilled		x	x
Conduct Post Flight Duties																	
	8.01	Conduct the debrief	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Low	High	High	Level 4				Individual	Highly Skilled		x	
	8.02	Complete mission documentation	In accordance with airworthiness directives, specific equipment manuals and references, either alone and/or in a first line team environment, while adhering to all safety precautions, quality system policies and procedures.	Under all weather conditions.		Low	High	High	Level 4				Individual	Skilled		x	x
