

# Media Report

## Pilot Course

Learning Objective	Current		Recommended	
	ILT	C130	CBT	FTT
Aeromedical requirements	0.42		0.29	
General flight rules	0.84		0.58	
Visual Flight Rules (VFR) flight procedures	0.84		0.58	
Flight safety policy	0.83		0.58	
Notices to Airmen (NOTAMs)	0.42		0.29	
Basic map reading and symbology	0.83		0.58	
Wind and turbulence	1.25		0.87	
Sources of weather information	0.83		0.58	
Aircrew Life Support Equipment and operating procedures		0.83		0.83
Normal operations checklist		0.42		0.42
Verbalization of checklist items	0.83		0.58	
Engine and oil	0.83		0.58	
Propeller	0.42		0.29	
Fuel system	1.25		0.87	
Ancillaries - Gear, brakes, flaps, hydraulics, nose wheel steering	1.66		1.16	
Environmental - Heating system, ventilation, air conditioning	1.25		0.87	
Pre-flight inspection		0.42		0.42
Radio voice procedures		0.83		0.83
IFF/SIF systems and operating procedures		0.83		0.83
Gyroscopic principles and applications	0.84		0.58	
Marshalling signals	0.42		0.29	
Engine start, ground checks, and shutdown		0.83		0.83
Lift and drag	0.83		0.58	
Maintain situational awareness (air picture)	0.83		0.58	
Physiological effects (G forces, spatial disorientation, visual illusion, etc.)	0.42		0.29	
Physiological emergencies		0.42		0.42
Propeller malfunctions		0.42		0.42
Engine failure		0.42		0.42
<b>Total</b>	<b>15.8</b>	<b>5.42</b>	<b>11.02</b>	<b>5.42</b>

Generates a detailed report outlining the current, as well as, recommended media for each learning objective along with time.
