

# Java Web Developer Post

**Job Title:** Java Web Developer

**Location:** Remote

**Company:** BNH Expert Software Inc.

**About Us:** BNH is a dynamic and innovative company with a web-based Training Management System. We are committed to delivering top-notch solutions and services to our clients. We are looking for a talented Java Web Developer to join our team.

**Job Description:** We are seeking a skilled Java Web Developer with 8+ years experience to design, develop, maintain and document our web-based applications. The ideal candidate will have a strong background in Java programming, Oracle SQL, JavaScript, HTML, good communication skills and a passion for creating high-quality, scalable, and efficient web applications.

## Responsibilities:

- Review and document the code.
- Improve code security, quality, responsiveness, and performance.
- Maintain web applications using Java, Oracle SQL, JavaScript, and related technologies.
- Troubleshoot and debug applications.
- Collaborate with cross-functional teams to define, design, develop and ship new features.
- Write clean, maintainable, and efficient code.
- Stay up to date with the latest industry trends and technologies.

## Requirements:

- Proven experience as a Java Web Developer.
- Strong knowledge of Java Servlet.
- Experience with front-end technologies such as JavaScript, HTML, and CSS.
- Experience with database management systems (e.g., Oracle SQL).
- Familiarity with RESTful APIs and web services.
- Excellent problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- Bachelor's degree in computer science, engineering, or a related field.

## Preferred Qualifications:

- Experience with cloud platforms (e.g., MS Azure).
- Knowledge of DevOps practices and tools (e.g., Eclipse, Docker, Jenkins).
- Familiarity with Agile development methodologies.

## Benefits:

- Flexible working hours and remote work options.
- Opportunities for professional growth and development.
- Collaborative and inclusive work environment.

## How to Apply:

- Email Resume to: [info@bnhexpertsoft.com](mailto:info@bnhexpertsoft.com) with Subject Senior Java Web Developer Post.
